OECD: ODA 2009

EU 12 Points Action Plan to Speed up Progress on the MDGS

1. A credible pathway to delivering aid commitments in 2015
2. Using aid effectively: better leverage of ODA, better value for aid
3. A European MDG fast track
4. Targeting the most off-track MDGs
5. Fostering ownership of MDGs in partner countries
6. A proactive work programme on Policy Coherence for Development (PCD)
7. Mobilizing domestic resources through better taxation
8. Enhancing regional integration and trade to boost growth and jobs
9. Using innovative sources of financing to tackle global challenges
10. The test case of climate change
11. Development and security
12. Global governance architecture

MDG 5 most off Track

- MDG 5: improve maternal health
- Target 5.A. Reduce by three quarters, between 1990 and 2015, the maternal mortality ratio
- Target 5.B. Achieve, by 2015, universal access to reproductive health
- Reality: More than half a million women die each year in pregnancy and childbirth. Most of them die because there is not enough skilled routine and emergency care.

Obstacles to take

- Financial and economic crisis lead to national budget crisis
- More immediate problems for tax payers, voters and consequently for politicians (health system, social security, unemployment, ...)
- No priority on “exotic topics” & “side issues”
- Colleagues not aware about the links and close connections to their political issues

Awareness Among Parliamentarians

- Create a network – members of the all-party parliamentary group on population and development as the source and nucleus
- Spread your network as broad as possible
- Talk about the demands, the lack of finance, find concrete connections to work of others
- Take any possible opportunity to tackle development cooperation, SRHR, examples

Parliamentarian Friendship Groups

- Invite to hearings and exchange of views
- Organise events, discussions, and come-togethers at the Parliament
- Use international days as opportunity for press conferences (FGM Feb 6, Aids Dec 1, Mother's Night at eve before mother's day, Vagina Monolog around Valentines day, international women's day March 8,...)
- Cooperate with national and international NGOs, embassies, UN organisations, ...

North South Dialogue

- Established as a project of the Austrian Development Agency, organised by an NGO
- Involvement of many Parliamentarians
- Strengthen an AWEPA Group
- Publish booklets, newsletters
- Start a partnership project with the Parliament of Mozambique (in cooperation with AWEPA)

HINTERGRUND

Im September 2000 haben sich alle Mitgliedstaaten der UNO auf die so genannten *Millenniums-Entwicklungsziele* (Millenium Development Goals - MDGs) geeinigt. **ParlamentarierInnen in Norden und Süden spielen sowohl in ihrer repräsentativen Funktion als auch in ihrer Aufgabe als GesetzgeberInnen eine Schlüsselrolle bei der Verwirklichung der notwendigen Maßnahmen zur Erreichung der Millenniumsziele, vor allem in der Beobachtung und Förderung von nationalen Entwicklungsstrategien, die von den Regierungen umgesetzt werden.**

Die Länder Afrikas Südlich der Sahara gehören zu den ärmsten der Welt. Um zu der bis 2015 angestrebten Halbierung der Armut zu kommen sind daher große Anstrengungen notwendig.

Statements

Barbara Prammer,
Nationalratspräsidentin

Die globale Vernetzung unserer Welt zeigt sich unter der Einwirkung der derzeit herrschenden Finanz- und Wirtschaftskrise besonders deutlich.

Dois anos de diálogo parlamentar Norte-Sul

Perante o cenário desta EU-Africa Joint Strategy, a ideia básica do projecto "Diálogo Parlamentar Norte-Sul" iniciado em 2006, consiste na promoção de um diálogo Norte-Sul a nível parlamentar, através de um trabalho informativo regular sobre os temas da política de desenvolvimento no parlamento austríaco e na constituição de uma cooperação com o parlamento moçambicano.

O projecto é apoiado a nível parlamentar por uma junta consultiva, a que também pertencem, além da presidente da Assembleia Nacional, como presidente, os porta-vozes para a política de desenvolvimento de todos os partidos parlamentares, um representante da direcção parlamentar e representantes dos

da delegação dos porta-vozes da política de desenvolvimento dos 5 partidos parlamentares austríacos, assim como num evento sobre o tema "Mudança de perspectiva: O desenvolvimento necessita de cultura – a cultura necessita de desenvolvimento", em que foi possível saudar a escritora moçambicana Paulina Chiziane e a jovem artista fotográfica e membro da Associação Moçambicana de Fotografia, Erika Serodio Mendez.

Paulina Chiziane leu trechos do seu novo livro "Niketche" e a Sra. Mendez apresentou fotografias sobre a vida das pessoas em Chigubo, a quem se proporcionou a possibilidade de obter um rendimento adicional através da promoção do seu trabalho na área do artesanato

Political Coherence

- Use your parliamentary networks to tackle development and SRHR topics in as many committees as possible
- Fight for global development check at the summery of every bill (already successful with climate change check)
- Debate the EU report on policy coherence for development (PCD) – discussion about implementation of best practice projects
- Booklet about involvement and coherence

KAMPAGNE GEGEN GENITAL-VERSTÜMMELUNG

Etwa 6.000 Frauen mit Migrationshintergrund sind in Österreich vom Problem der Genitalverstümmelung betroffen. Anlässlich des Internationalen Tages gegen weibliche Genitalverstümmelung hat heute eine breite Plattform ein Maßnahmenpaket präsentiert.

Genitalverstümmelung ist schwere Körperverletzung: Durch die Entfernung der Geschlechtsteile, den viele gar nicht überleben, werden Frauen ihrer Sexualität beraubt. Bei Schwangerschaft und Menstruation kommt es oft zu schweren gesundheitlichen Problemen. Die Kampagne soll Ärzte, Lehrer und Kindergärtner auf das Problem aufmerksam machen.
